A TRIBUTE

To Mr. Donald G. Black

A Teacher. . .
A Journalist. . .
A Friend. . .

As adviser to the Journal and Tiger staffs for eight years, Mr. Black has inspired his students to produce fine newspapers and exceptional yearbooks. Before and after school, during weekends and vacations, whenever the staffs met, Mr. Black was there to offer encouragement. Through his very special and continuing interest in every student, he has inspired many to reach higher and higher in their quest for knowledge. Education is highlighted through his natural sense of humor.

Mr. Black is a mirror in which the student's own attitudes, principles, and ambitions are reflected in their own true light. He is a man against whom we can measure our own image.

To be praised by him is an honor. He has earned the highest respect and admiration from all who know him.

Mr. Donald G. Black

Mr. Clarence E. Miller

OUR SPECIAL THANKS

To Mr. Clarence E. Miller

Without the help of Mr. Miller in taking the Tiger pictures these past thirty years, Lewis and Clark could not have produced such fine yearbooks. He has donated much of his valuable time and equipment to insure our annual successes. As he is retiring this year the 1968 Tiger would like to express our sincere gratitude and to wish him and Mrs. Miller a happy retirement.

HIGH LEWIS and CLARK SCHOOL

Principal William E.L. Donner

The beautiful color photograph on the opposite page is a reproduction of our newly approved school crest. The idea was initiated by last year's senior class, but the big job of developing and completing it was achieved by the hardworking committees of the ASB.

Anyone who has been associated with Lewis and Clark for any period of time is quick to realize we are endowed with a rich heritage of traditions and spirit. The goal of the ASB committees was to portray by symbols and a motto the most significant aspects of this heritage, and to this end they succeeded very well.

The figures of the explorers "Lewis and Clark" represent not only the challenge of the future of their era, but that of our own as well. The selection of the Latin words "Fides" (Faith), "Noscentia" (Knowledge), and "Virtus" (Virtue) for the school motto was an excellent choice.

The left-hand section of the shield shows the front portion of the building; this symbolizes the academic traditions of the school. The bottom portion of the shield is taken from the architectural design seen above each entrance to the school. The figure at the right represents activities and is a replica of the figure above the Hunter Fieldhouse. Occupying the place of prominence at the top of the shield is the tiger. This, of course, represents the "tiger spirit" which typifies all our endeavors.

The "tiger spirit" has certainly been prevalent this year. Though ours is now the smallest school in the city, we still retain a place of prominence in both activities and academic fields. I feel this year's senior class has especially made this so, and to them I wish to extend my appreciation for their contributions. I hope each member of the Class of 1968 will be able to meet the challenges of the future in a manner that is in keeping with the highest traditions of the Lewis and Clark High School.

Mr. Edward Clark

Exchange Teacher from Australia

The old man over the road tells you, you look like his grandson. You know the appearance of his grandson and feel this to be rather unflattering. To him, his grandson is the greatest; you have received his greatest compliment. The individual coming to your community from outside, and feeling immediately at home, pays you his highest compliment.

Countries, like people, receive a stream of agreement from their friends and disapproval from their opponents. The constant question is, "What do you really think of our students, schools, policies, ideas, way of life?" While realizing that there is no average Australian or American student or attitude, I will attempt to give some honest answers, rather than the polite replies one would expect of a guest.

Your students may choose a wide range of subjects for short periods, while ours have fewer choices and retain them for longer periods, varying emphasis on breadth and depth. Our students must overcome state-wide examinations covering several years work to achieve their major goals, while yours are assessed, step by step, within the school--uniformity of coverage and assessment, compared to varioation and individuality. Our students, like yours, vary from responsible and industrious to those who feel that the world owes them a living. The majority of ours leave high school at the end of the tenth grade. Those remaining are aiming at university or advanced college. Trade courses, advanced college courses, and university courses are specialized, with students expected to "round out" their own education. The present trend is to a more balanced approach with later specialization.

You believe your country to be the strongest, richest, and best. Don't tell others. They know the former two to be true and are prejudiced on the latter. Expect unfavorable international comment. Being number one as a nation brings immediate and usually unjustified criticism of anything but instant and complete success.

We thank you for the part you play as a nation and add the special personal thanks to you as a school and community for your ready acceptance, warm hospitality and genuine interest, as we have made our temporary home in Spokane.

Edward Clark

Mr. Carl Milton

Mr. Carl Milton, a Lewis and Clark physics teacher, is now replacing Mr. Clark in Australia. Mr. Milton and Mr. Clark exchanged homes, positions and countries for a year in order to broaden their own horizons and those of their students.

Frank Reed

Exchange Student from Australia

From the minute I became involved in the American Field Service to the time now that my great year ends, I have met and become involved with many marvellous people.

The Americans I have encountered throughout the 12 months stay have a vigour, drive and willingness to strive and live which is envied by many governments and nations, but is also despised by many peoples. Nevertheless, it is this energy which will keep the U.S.A. number one in the world today and tomorrow.

At Lewis and Clark, I have found people--teachers and pupils alike--friendly, kind, frank and zealous to achieve the highest goal in whatever field they enter.

On the sporting field LCites showed me how games should be played with a heart bigger than a tiger. I have had the supreme honour of knowing members of the greatest football team ever to pass through LC. This team will live on in Lewis and Clark History and be remembered by many in years to come. In basketball and other sports as well I have been impressed and inspired by the triumphant spirit with which people participate in their activities.

"All out" is the only way to describe it. It carries into all aspects of life. Whether school grades, debating, cheerleading or just being on a cleaning up committee, this effort is continually present.

My U.S. school year has taught me that life cannot be all work, but that an education is also taking a part in social, athletic, and club activities. This I attempted to do, and I feel I discovered life in fullest form.

Life has taken on a different perspective--I have seen enough to make me want to go on to better things back in my own country. For the last year I have gained and now I must give to those who aided my trip and were concerned that my year should be the best possible.

Perhaps my greatest discovery in the 67-68 winter was the funny white stuff called snow--EVERYWHERE--just wonderful. Never has a Sydney boy seen such weather. Before the winter came fall, and all the colored splendour of the trees--these are a blessing along with plains, mountains, and freedom for which everyone in this part of the world should truly thank God.

Twice now I will have gone through the misery of saying good-bye to friends and family. But life must go on. As I return to finish my education in Australia and my friends go on to college, we both must change and adapt to different ways of life.

Enrichment is the only way to describe what every single person has given to me in some form or another and my gratitude will go on when they have long forgotten me.

But this is AFS, and I have trodden in the footsteps of many before me; and many will follow in the same path being guided and helped by you friendly Americans.

Frank Reed

Frank Reed American Field Service Student

Frank became involved in many school activities during his year's stay at Lewis and Clark. He was active in Fine Arts, Key Club and Bengal Pep Club. He was Decorations chairman for the Inaugural Ball, active in Young Life and a photographer for the Tiger. He was also a member of AFS and Boys' Federation representative.

Photo Essay

The 1968 **Tiger** has seen many changes, all the way from a new adviser, to a bigger, more colorful book.

This year, **Tiger** also took seven juniors onto the traditionally all-senior staff, for the purpose of training them for next year's **Tiger** . They are Laurie Cosby, Alison Davidson, Cyndie Elliott, Kathy Kennelly, Connie Rolfe, Jim Skadan and Linda Takami.

Photographers who helped during mid-deadline rush were Terry LaFrance, Chris Pence and Frank Reed.

FOOTBALL

Called the greatest team in City League history and ranked number one in the state of Washington by the Associated Press, the Lewis and Clark Tiger football squad chalked up the school's finest record ever by trouncing every opponent they faced on route to a nine win, no loss season.

This year's Tiger team made up what it lacked in size and strength with speed and desire and set a record by placing eight men out of eleven on the All-City team. These were: Ends Bruce Johnson and Bob Leslie; guards Scott Simpson and Jim Pearson; center Mike Clarke, a junior; tackle Bill Bagby; halfbacks Bob Minnix and Jim Ivory; and quarterback Bill Etter. Along with this Minnix was chosen All-State for the second year in a row as was Etter, who later in the year was picked high school All-American by the magazines Coach and Athlete and Scholastic Coach. In February he was named Amateur Athlete of the Year. Pearson earned a second team berth on the All-State team.

Other outstanding senior Bengal gridders were: John Barkley, Pat Saad, Jon Sager, John Emery, Jeff Watkins, Ron Shepherd, and Jim Kacalek.

Promising underclassmen such as juniors Mike Clarke, Jay Nichols, Paul Nelson, Steve Conley, Dave Nail and sophomores John Etter, Ed Murray and Rick Maras should give head coach George M. Sullivan and assistants, Robert K. Miller and William D. Denholm, another good season.

Seniors

The seniors were the backbone of the Lewis and Clark State Champion Football Team.

All but one of LC's All-City nominations were seniors who led the team and the city in all statistics. Many of the players besides these deserved recognition but could not be mentioned.

Most of the seniors lettered two or three years on varsity or played for a year before receiving their varsity letter.

The seniors provided the spirit and the energy required to become a State Champion Team.

Cross-Country

Coach Art Frey

Paced by three outstanding runners from last year's State Championship team, the Lewis and Clark cross-country squad placed second in a very tough league.

Sonny Anderson, Phil Burkwist, and Jim Williams formed the nucleus of the team which lost only to Rogers during the regular season.

The team again returned to the state championships in Seatlle, where out of a field of over 250 runners, both Phil Burkwist and Sonny Anderson finished in the first ten.

On the LC B-Squad were also many fine runners who would have made the varsity on most other high school squads. These men, together with the many sophomore and junior carry-overs from this year's varsity, such as Phil Burkwist, Bob Hindin, Jihn Harwood, Jim Anderson, Mike Benson, Paul Fenske, and Dave Vandermeer, will make LC a top contender next year.

BASKETBALL

Although finishing with only an 11-win 10-loss record, this year's Lewis and Clark varsity basketball team was called the "hardest working and most dedicated group of kids I have worked with", by their coach, Mr. Robert L. Scott.

The Tigers tied for second in their City League division with an eight and five mark, but were edged out of the city championships in a tie-breaking playoff game loss to Gonzaga Prep.

The Bengals started the season playing more like the state champion football team, than like a top rated basketball squad. But by the season's end they had become one of the top quintets in the city.

Pacing the Tigers this year were; Bill Etter, a first team All-City pick; Bob Leslie, captain and the best defensive player in the league; Bob Minnix, a first class rebounder at 5-11; and Gale Allen, a much improved center. Sophomores John Etter, and Curt Donner were also outstanding. Seniors Julius Williams, Dusty Hutsell and Tom Ekins were all tough in the clutch and added balance.

Next year's team could possibly be the best in town with such returnees as juniors Bruce Stedman, Van Wood, Tom Greene, and 6-6 center Chris Kerr. Along with sophomores Etter, Donner, Ed Murray, Andy Kerr, come junior B-squaders Dave Nail, Paul Nelson and Dick Sams to bolster the Bengals ranks. A crop of upcoming freshmen should also make the Tigers tougher to beat next year.

WRESTLING

Inspirational Award Winner John Barkley and Captain Tom McRae.

Coach Bill Denholm

Although they got off to a slow start, the Tigers came on to win two straight against University and Central Valley. The Tiger matmen came through with five straight wins in the upper weights to beat University. The other win for LC came against Mead, although they had a strong showing against Rogers.

This year's team was led by such seniors as Inspirational award winner, John Barkley, Team Captain Tom McRae, 136 pounder Tim Kelly, Ken Babin at 141, 178 pounder Kit Birch, and at unlimited Jim Kacalek.

Outstanding prospects for next year's team include Alvin Harkey, Harry Case, Randy Maras, Skip Elliott, Terry Fitzpatrick, Cary Kopczynski, Mike Powell, Rick Maras, and Bruce Donner. Rick Maras came through with the best win-loss record of 8-1 and also took a second at District.

Judging by the progress shown by these up-coming men and the experience they gained this year, Coach Denholm's matmen should place very high in next year's city standings.

TRACK

Wth several returning lettermen from last year's All-City and Bi-District championship team, LC placed high in the city standings this year. Lewis and Clark's main strength lay in the distance races and in the hurdles. We had both top performers and depth in these areas.

The two mile battery was headed by junior Phil Burkwist, who went to State last year. Seniors Jim Williams and Tom Porter along with sophomore Jim Anderson added strength in that department.

In the mile was senior Sonny Anderson, one of the city's best at that distance. Junior Paul Fenske and senior Mike Derrick were very valuable at that distance also.

Sophomores Mike Benson and Bob Hindin led LC's 880 men. Benson was one of the top runners in the city at this distance, and both he and Hindin should be very valuable next year.

Seniors Jim Allers, Bill Etter, and Bill Bagby were LC's top 440 men this year. They received help from such fine juniors as Jim Skadan, Dewey Hudson, Larry Hamm, and Larry Weaver.

Senior Jim Ivory, who went to State last year was the team's top hurdler this year. Behind him were seniors Pat Saad and Gale Allen and juniors Ken Suemori, Paul Franklin and Gery VanderMeer.

The sprints were handled by Etter, Ivory and outstanding junior Tom Greene.

In the field events this year Lewis and Clark had many fine performers. Senior Chuck Hohner and junior Dave Nail led the pole vaulters. Senior Julius Williams was a top performer in the broad jump with Greene, Franklin, Hudson, and Hamm adding strength. In the high jump were Greene, Williams, junior Steve Clouse and sophomore Don Speer. Senior Tom Ekins, and Bill Bagby and junior Steve Conley and freshman Mark Guthrie were the team's top shot putters this season.

With many returning lettermen Lewis and Clark should have another strong team next year.

The girls' varsity tennis team finished its fall season in a tie for third.

They started the season with two good wins over North Central and Central Valley but were then defeated by three teams in succession. Rogers and West Valley dropped the team 5-2 and City Champions University blanked them 7-0.

Finishing the season on a winning note, however, the girls beat Shadle Park 5-2 and crushed Lewis and Clark's South Hill rival, Ferris, 7-0.

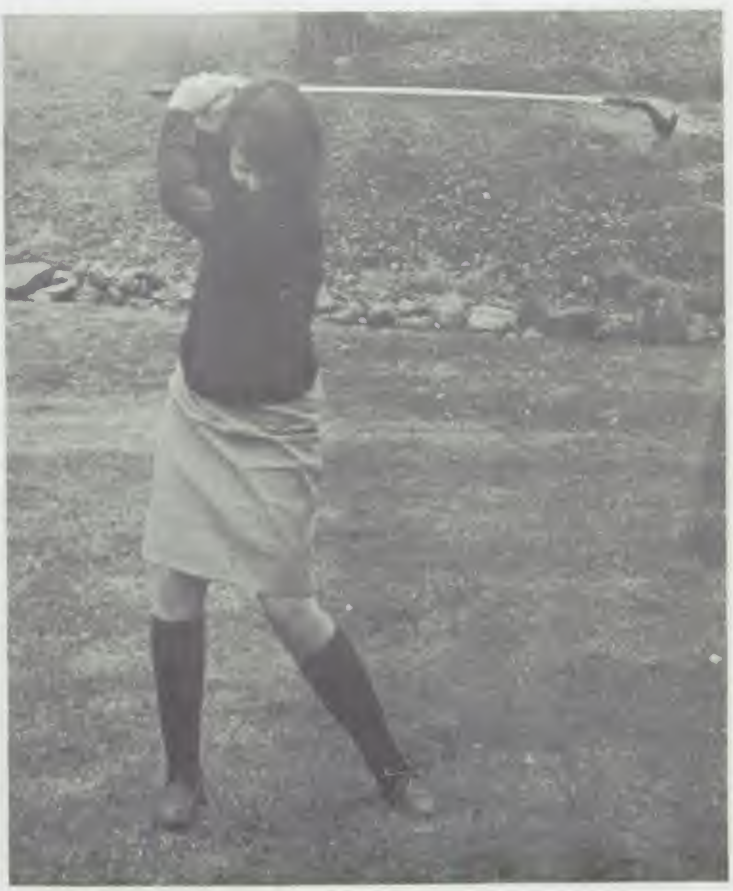
Girls' Golf

Many girls have participated in after school sports this year. They could choose from such sports as gymnastics, golf, baseball, basketball, track, and volleyball, according to their interests and abilities.

The girls go out for these sports for various reasons. It is good exercise; it keeps them physically fit; and they enjoy competition when they play with other schools. The most common reason, however, is that it is fun.

Ann Fruechte scores points for LC's girls' basketball team.



Chris Snoddy was one of the top girl golfers at LC this year.

BASEBALL

Although this year's team lacked a full staff of experienced pitchers, the Tigers rallied behind the power of their batters to make a strong showing in city-standings. Randy Heinz led the pitching department, and he and Doric Creagor were the only seniors on the mound. The supporting hurlers who added great strength and weight were sophomores Rich Ahlquist, Jack Koentopp and Dick Sams. The real power in this year's team came at the plate from such heavy swingers as John Barkley, Jim Pearson, Bob Minnix, Bruce Johnson, Dusty Hutsell, and Don Lowery. Outstanding juniors who were a major asset to the team included Paul Nelson, Mike Clarke, Roy Lowery, Bruce Stedman and Geff Thompson who all came through strong in the clutch.

Next year's team could really be tough to beat. Added to the many underclassmen Coach Weitz is bringing up, B-squad coach Peter Wertz will be sure to add great strength from his team. Also, after being coached by Robert Miller, this year's freshmen should add the needed push to place LC high in city-standings.

A year, ten years, maybe thirty years ago, each of us passed the milestone you have reached. For us it preceded our entry into the world of private business and public service.

Our careers have, for the most part, been constructive and satisfying.

The Sophisticated Naturals
